3. APPLICANT'S EVIDENCE

The professional competencies that characterise a Chartered Environmentalist are split into four key areas:

A: Application of knowledge and understanding of the environment to further the aims of sustainability

B: Leading sustainable management of the environment

C: Effective communication and interpersonal skills

D: Personal commitment to professional standards, recognising obligations to society, the profession and the environment

In the spaces below, summarise your relevant activities over the **past three years** to demonstrate your commitment to environmental best practice, and appropriate professional development. As a guide, you should be aiming to write around 250-500 words for each competency statement.

Please refer to **'An applicant's guide to becoming a Chartered Environmentalist'** for further guidance.
